What to do in case of "Dial Time Out"?

Description:

Sometimes they report that when making the call it is cut off and a pop-up window appears with the text "Dial Time Out"

Example:

Solution:

In these cases this issue occurs because the number you are trying to dial is more than 10 digits long and starts with "1", to correct it or for it to work correctly you need to dial the correct 10-digit number.
